

User guide

## **CONGRATULATIONS ON YOUR NEW MATTRESS PURCHASE!**

We would like to extend our heartfelt thanks for choosing MPILI to enhance your comfort and well-being.

Your mattress has been carefully crafted with expertise to provide you with exceptional sleep. To fully enjoy its benefits, we invite you to consult the user guide in the following pages. There, you will find practical tips and useful information to optimize its use. We wish you restful nights and may every morning be a fresh start.

With our best regards,

The MPILI Team

## **COMMITMENT TO QUALITY**

At MPILI, we are committed to creating innovative and sustainable products, designed to transform your nights into an experience of unparalleled comfort. Every detail of your mattress has been meticulously studied to meet the most demanding expectations and offer you a tailor-made sleep.

## **SUPPORT**

For any questions or to better understand how to get the most out of your MPILI mattress, our team is here for you. We are delighted to support you in order to make your experience a real success.

## **COMMUNITY**

Join the MPILI community! Share your impressions, discover exclusive tips and explore our Dreamy Planet blog, a source of inspiration dedicated to your sleep and well-being. Together, let's shape exceptional nights and inspiring awakenings.

## Instructions for Setting Up Your MPILI Comfort

Set up your MPILI mattress with ease in these quick steps:

1. **Open the box:** Carefully remove the mattress from its packaging.
2. **Unroll the mattress:** Position it on the box spring or base of your choice.
3. **Cut the plastic:** Carefully release the mattress, taking care not to damage its cover. You will also find the retaining corners carefully placed in the plastic packaging, ready to be fixed.
4. **Let it take its shape:** Give the mattress a few hours to unfold and reveal its optimal comfort.

In just a few steps, get ready to enjoy the luxury and customizable comfort of your MPILI mattress.

# Installation

EN

Open the box

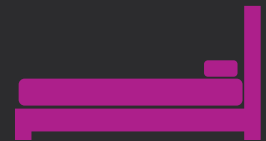

Unroll the mattress

Cut the plastic

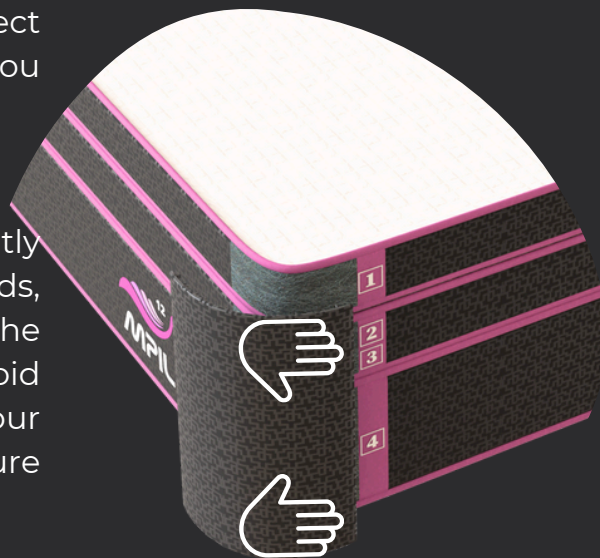

Let it take shape

Once the plastic is removed, you will find the four carefully placed textile fasteners, designed to hold the layers of your mattress in perfect harmony. Install them at each corner once you have chosen your comfort combination.

## Use two hands

When adjusting your combination, gently remove the retaining corners using two hands, carefully pulling them straight. To preserve the integrity of the textile fastening system, avoid any sudden or diagonal movements. Your mattress deserves your full attention to ensure its durability and optimal comfort.

## Layer Stability and Adjustment

Textile fasteners are designed to best limit the movements of the layers between them, while offering an ingenious and reliable solution. Made from the same high-end material as the mattress edges, but reinforced by increased thickness, these retaining corners combine flexibility and robustness. Although they do not guarantee total immobility, they ensure optimal stability.

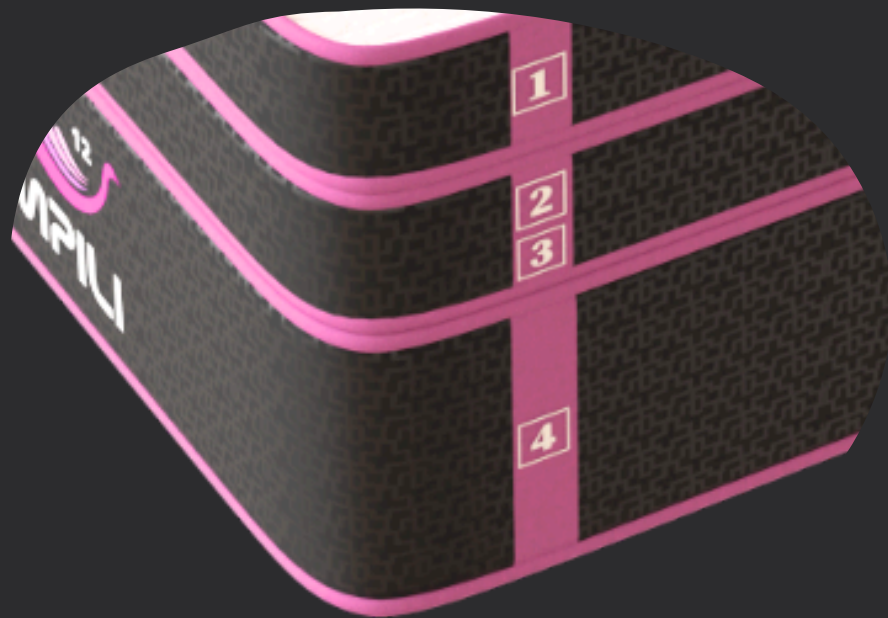

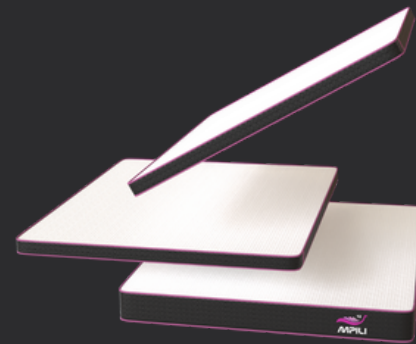

It is therefore normal that the layers may move slightly under certain pressures or that the mattress is not always perfectly square. However, this does not affect your comfort or the overall support of the mattress. A simple manual adjustment allows you to quickly realign the layers to find their ideal position.

# Layer coding

To configure your MPILI modular mattress, follow these simple steps:

1. **Locate the numbers on the side:** Each layer is clearly numbered to facilitate assembly.
2. **Choose your combination:** Refer to the guide to select the comfort combination that suits you.
3. **Assemble the layers in the order indicated:** Here is an example for the combination 1-2-3-4:
  - Place layer number 4 (the base).
  - Add the reversible layer 2-3, choosing the side offering the desired comfort.
  - Then finish layer number 1.
4. **Reversible layers:** Layers 2 and 3 combine two levels of comfort in a single reversible unit, adjustable according to your preferences.

Follow these instructions to easily configure your mattress and enjoy customized comfort.

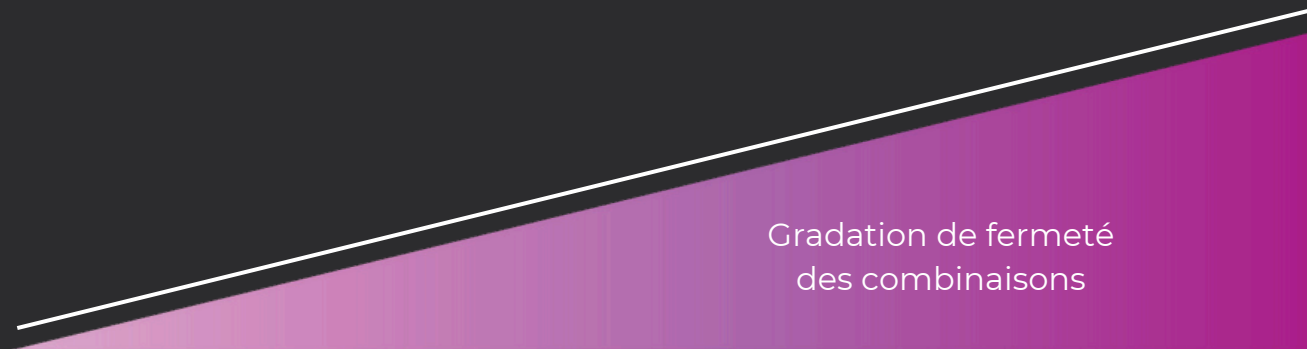

## Firmness Gradation

This refined gradation illustrates the spectrum of comfort offered by your MPILI mattress. Progressing to the right, the firmness intensifies, providing a more structured and assured support. Conversely, the left reveals an enveloping softness for a softer experience.

Each combination has been designed to adapt harmoniously to your unique preferences. Adjust, experiment and discover the ideal balance between flexibility and support, for a comfort that embodies both chic and subtlety.

# MPILI Mattress Limited Warranty

EN

Mattresses from the MPILI™ and MPILI Iconique™ collections come with a limited lifetime warranty covering material and workmanship defects. Mattresses from the M™ Collection are covered by a 10-year limited warranty.

To maintain the validity of the warranty, the mattress must be used on a compliant and structured base capable of supporting its weight and that of its users.

In the event of a covered defect, MPILI offers a replacement or repair. This warranty is non-transferable and applies only to the original purchaser.

## What is covered:

- A visible sag greater than 0.75 inches (1.9 cm) not caused by improper use.
- Physical defects (cracks, splitting) in the foam.
- Defects in the zipper of the cover (applicable only to MPILI™ and MPILI Iconique™ collections).

## What is not covered:

- Normal wear and tear, or preferences related to comfort or aesthetics.
- Damage caused by inadequate bases, liquids, or improper maintenance.
- Products purchased second-hand, "as is," or from unauthorized retailers.

**CLAIMS:** To activate your warranty, you can register your product directly on our website at [mpili.com/registration](https://www.mpili.com/registration).

In case of a claim, keep your proof of purchase and contact [support@mpili.com](mailto:support@mpili.com). You will need to provide clear photos of the defect and, if required, proof of the base used. Shipping costs for replacement or repair are the responsibility of the buyer.

**LEGAL NOTICE:** This summary is provided for informational purposes. The full and detailed version of the warranty, available on [mpili.com/warranty](https://www.mpili.com/warranty), prevails in the event of a dispute or legal interpretation.
